

User Guide

The Beebox Interface consists of two views: Main Window and Project View. When you first login to Beebox Server, you will automatically be viewing the main application screen. After selecting a project, you will then be redirected to the Project View. The following sections are provided for working with options in both of these views:

- [Login](#)
- [All Projects](#)
- [Add Project](#)
- [View Regular Project](#)
- [View CMS Project](#)
- [View Pass-Through Project](#)
- [Administration](#)
- [Account & License](#)
- [Tutorials](#)
- [Reference](#)
- [Wordbee Translator](#)
